ROSE IDA RESTAURANT

A new restaurant in Opole, ROSE IDA is an ideal place for shared meals with family and friends, as well as for professional events and corporate meetings.

ROSE IDA is a unique place on the map of Opole region, created out of love for cooking. The owner previously ran the Regius restaurant, which received many awards and distinctions. Though the restaurant has changed its location and name, the cuisine has remained unchanged and is still based on local and traditional products.

The restaurant is child-friendly, senior-friendly, and accessible to people with disabilities. It serves delicious dishes to eat in or take away, has an attractive weekly menu, and fantastic catering offers, with the option of ordering à la carte dishes for takeaway. The kitchen serves traditional Polish dishes, using natural, top-quality ingredients. The head chef is also famous for her delicious baked goods. Her signature cheesecake with meringue is a real confectionery sensation!
