THE MOSZNA CASTLE RESTAURANT

Serving specialities of Silesian, Opole and European cuisine, the restaurant is located in the magnificent interiors of Moszna Castle, known as "Silesian Disneyland" because its appearance resembles Snow White's residence from children's fairy tales.

Beautifully served specialities from the head chef and stylish interiors will take guests visiting the restaurant on a magical journey full of flavour and new discoveries. The restaurant interior adjoins a conservatory, which is full of exotic plants.

The fireplace room is a place for feasting, and the atmospheric café is next to a terrace where you can drink coffee in the excellent company of stone lions basking in the sun.

The restaurant menu features specialities of regional Silesian and Opole cuisine, as well as European dishes. The dishes offered by the castle restaurant can also be ordered for takeaway.

The restaurant has an extensive selection of dishes and organises various events and special celebrations, allowing guests to have a perfect feast in the unforgettable fairytale scenery of Moszna Castle.

Restaurant guests can also arrange to tour the Castle to learn about its history and discover the beauty of its interiors. Furthermore, it is possible to book accommodation in the hotel section of Moszna Castle.
